SUPPLEMENTARY INFORMATION:

Title: Treasury International Capital Form CQ–1, “Financial Liabilities to, and Claims on, Unaffiliated Foreigners;” and Treasury International Capital Form CQ–2, “Commercial Liabilities to, and Claims on, Unaffiliated Foreigners.”

OMB Number: 1505–0024.

Abstract: Forms CQ–1 and CQ–2 are part of the Treasury International Capital (TIC) reporting system, which is required by law (22 USC 286f; 22 USC 3103; EO 10033; 31 CFR 128), and is designed to collect timely information on international portfolio capital movements. Forms CQ–1 and CQ–2 are quarterly reports filed by nonbanking and non-securities broker and dealer enterprises in the U.S. to report their international portfolio transactions with unaffiliated foreigners. This information is necessary for compiling the U.S. balance of payments accounts and the U.S. international investment position, and for use in formulating U.S. international financial and monetary policies.

Current Actions: As a consequence of the recent global financial crisis, international reporting standards for collecting and reporting economic and financial data have been enhanced, especially regarding each country’s external claims and liabilities. TIC forms are consequently revised to meet the new standards. (a) The “who must report” section of the instructions is revised. Beginning with the reports as of June 30, 2013, the types of organizations required to file the TIC CQ–1 and CQ–2 reports (the TIC C reports) will include all U.S. residents except U.S.-resident financial institutions. This means that those financial institutions that previously reported on the TIC C forms (they are all financial institutions except banks, other depository institutions, bank and financial holding companies, and brokers and dealers that already report on the TIC B forms; this group includes, but is not limited to investment banks, insurance companies, credit card issuers, money market funds, pension funds, private equity funds, hedge funds, trusts, finance companies, mortgage companies, commodity brokers and dealers, investment advisors and managers, loan brokers), will instead begin reporting on the TIC B forms. As a result, with the reports as of June 30, 2013, the organizations required to file the TIC B reports will include all types of U.S.-resident financial institutions (including, but not limited to banks, other depository institutions, brokers/dealers, bank/financial holding companies, investment banks, insurance companies, credit card issuers, money market funds, pension funds, private equity funds, hedge funds, trusts, finance companies, mortgage companies, commodity brokers and dealers, investment advisors and managers, loan brokers), will instead begin reporting on the TIC B forms. As a result, with the reports as of June 30, 2013, the organizations required to file the TIC B reports will include all types of U.S.-resident financial institutions (including, but not limited to banks, other depository institutions, brokers/dealers, bank/financial holding companies, investment banks, insurance companies, credit card issuers, money market funds, pension funds, private equity funds, hedge funds, trusts, finance companies, mortgage companies, commodity brokers and dealers, investment advisors and managers, loan brokers). This change affecting many U.S.-resident financial institutions, from reporting on the TIC C forms to reporting on the TIC B forms, is designed to improve the coverage of international financial transactions and positions in the U.S. balance of payments and in the U.S. international investment position, and reflects the change in the international statistical standards to include in portfolio investment (PI) most international positions between financial institutions. All financial positions between U.S. residents and foreign residents are either PI or direct investment (DI), and all organizations with such positions (above the amounts declared exempt in the reporting instructions), must report them to either the TIC (which collects PI information) or BEA (which collects DI information). (b) In “Foreign Currency Items,” which is after the “Grand Total” row (9999–6) near the end of both Form CQ–1 and Form CQ–2, a new row has been added to collect information on claims and liabilities “Denominated in Swiss Francs.” Data are reportable in all six columns of the CQ–1 and all five columns of the CQ–2. (c) After the “Grand Total” row (9999–6) near the end of both Form CQ–1 and Form CQ–2, a new sub-section has been added called “Remaining Maturities (claims).” The new sub-section in the CQ–1 has three rows labeled: “Demand Deposits, Arrears, Resale Agreements Under Continuing Contract, and Items With No Fixed Maturity;” “Maturing in 1 Year or Less;” and “Maturing In Over 1 Year.” Data are reportable in all six columns. The new sub-section in the CQ–2 has three rows labeled: “Items With No Fixed Maturity;” “Maturing in 1 Year or Less;” and “Maturing In Over 1 Year.” Data are reportable in all five columns. (d) Just after the Grand Total row (9999–6) near the end of both Form CQ–1 and Form CQ–2, the caption “Section (B) Memorandum Items:” is replaced by “Of Which Items.” Just before “Europe” on page two of both forms, the caption “Section A: Selected Positions with Unaffiliated Foreigners:” is deleted. (e) The instructions for these forms add instructions for reporting on the new rows described in (b) and (c) above. (f) The General Instructions have been reorganized and contain new guidance on reporting accrued interest and on where to report. (g) Several sections of the instructions, including the glossary, incorporate changes to clarify the reporting requirements, such as the consolidation/combination rules, valuation rules, and reporting the location of foreign currency (FC) Properties. (h) On all TIC reporting forms, the list of countries for reporting the location of...
foreign counterparties will be increased by six. This is the result of deleting Netherlands Antilles (3720–6), removing “Montenegro” from “Serbia and Montenegro (1321–8)”, and adding Kosovo (1347–1), Montenegro (1362–5), Bonaire, Sint Eustatius and Saba (3616–1), Curaçao (3618–8), St. Martin and St. Barthelemy (3647–1), Sint Maarten (3619–6), and South Sudan (5339–2). (i) These changes will be effective beginning with the reports as of June 30, 2013.
