DEPARTMENT OF THE TREASURY

Proposed Collection; Comment Request

AGENCY: Departmental Offices; Department of the Treasury.

SUMMARY: The Department of the Treasury, as part of its continuing effort to reduce paperwork burdens, invites the general public and other Federal agencies to comment on the revision of a currently approved information collection that is to be proposed for approval by the Office of Management and Budget. The Office of International Affairs of the Department of the Treasury is soliciting comments concerning Treasury International Capital Form SLT, “Aggregate Holdings, Purchases and Sales, and Fair Value Changes of Long-Term Securities by U.S. and Foreign Residents.” The proposed expanded SLT data collection will be effective for reports beginning as of February 2022. Until that effective date, the currently approved Form SLT and instructions will continue to be effective without change.
S data are recorded from the foreign point-of-view (e.g., Form SLT “purchases” are made by U.S. residents from foreign-residents, whereas Form S “purchases” are made by foreign-residents from U.S.-residents); and (iii) purchases and sales of foreign securities in Form SLT are recorded opposite the foreign country that issued the security, whereas the Form S data are recorded opposite the country that purchased or sold the security. The Form SLT data are much more informative about U.S. claims on individual foreign countries. (6) The revised Form SLT no longer has Parts A and B, where previously a custodian reported data in part A and an issuer and/or end-investor reported data in part B. In the revised Form SLT the reporting firm must check one or both of the two boxes in the top-center section of the cover page to specify whether the data is from a custodian or from an issuer and/or end-investor or from both; see II.A in the instructions. So a firm that reports data for both a custodian and an issuer/end-user can combine both types of data into one report, and no longer needs to report them separately in part A and part B. (7) To allow time for respondents to revise their reporting systems, the revised form and instructions are scheduled to become effective for reports as of February 2022. (8) Until the revised form becomes effective in 2022, the currently-approved Form SLT and instructions will continue to be in effect. (9) The name of the revised Form SLT on the cover page and elsewhere is expanded to “Aggregate Holdings, Purchases and Sales, and Fair Value Changes of Long-Term Securities by U.S. and Foreign Residents.” Added on the cover page under the name, is the phrase “Effective for reports beginning as of February 2022”. (10) After the revised Form SLT becomes effective in February 2022, there will be a duplication of the Purchase and Sales data with the Form S for roughly six months. This period of overlap for comparison of the two sources of data will allow the agencies to make any necessary adjustments to the revised Form SLT and/or instructions. After the six month overlap period ends, and if the purchases and sales data from the revised Form SLT are acceptable, then the Form S will be discontinued. (11) Some other clarifications and format changes may be made to improve the instructions.

Type of Review: Revision of a currently approved collection.

Affected Public: Business or other for-profit organizations. Form SLT (1505–0235).
Estimated Number of Respondents: 438.
Estimated Average Time per Respondent: Average 11.7 hours per respondent per filing. The estimated average burden per respondent varies widely, from about 21.6 hours per filing for a U.S.-resident custodian to about 9.3 hours for a U.S.-resident issuer or U.S.-resident end-investor.

Estimated Total Annual Burden Hours: 61,722 hours, based on 12 reporting periods per year.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit written comments concerning: (a) Whether Form SLT is necessary for the proper performance of the functions of the Office, including whether the information will have practical uses; (b) the accuracy of the above estimate of the burdens; (c) ways to enhance the quality, usefulness and clarity of the information to be collected; (d) ways to minimize the reporting and/or record keeping burdens on respondents, including the use of information technologies to automate the collection of the data; and (e) estimates of capital or start-up costs of operation, maintenance and purchase of services to provide information.
